Lossless audio compression standards

Andrei Buruntia   Paul Cazan

13.03.2018

Contents

1   Basic principles of lossless compression

1.1   Framing

1.2   Intra-channel decorrelation

1.3   Entropy coding

1.4   Compression algorithm characeristics

Lorem ipsum dolor sit amet, consectetuer adipiscing elit. Etiam lobortis facilisissem. Nullam nec mi et neque pharetra sollicitudin. Praesent imperdiet mi necante...

2 Performance evaluation

Lorem ipsum dolor sit amet, consectetuer adipiscing elit. Etiam lobortis facilisissem. Nullam nec mi et neque pharetra sollicitudin. Praesent imperdiet mi necante...

3 Encoder design

4 Decoder design

5 Existing standards

5.1 Comparison

Lorem ipsum dolor sit amet, consectetuer adipiscing elit. Etiam lobortis facilisissem. Nullam nec mi et neque pharetra sollicitudin. Praesent imperdiet mi necante...

6 Some more technical considerations

6.1 Arithmetic complexity

6.2 Bit rate variability

7 Conclusion

Lorem ipsum dolor sit amet, consectetuer adipiscing elit. Etiam lobortis facilisissem. Nullam nec mi et neque pharetra sollicitudin. Praesent imperdiet mi necante...
